

PUBLIC-BUILDING CONSTRUCTION PROJECTS  
OUTSIDE OF THE DISTRICT OF COLUMBIA

---

LETTER

FROM

THE POSTMASTER GENERAL

AND THE

ACTING SECRETARY OF THE TREASURY

TRANSMITTING TO THE

CHAIRMAN OF THE COMMITTEE ON APPROPRIATIONS  
OF THE HOUSE OF REPRESENTATIVES A REPORT SHOWING  
BY STATES ALL CONSTRUCTION PROJECTS OUTSIDE OF  
THE DISTRICT OF COLUMBIA SELECTED, UNDER ACTS  
FOR PUBLIC-BUILDING CONSTRUCTION, AND PROJECTS  
REMAINING ELIGIBLE FOR CONSIDERATION  
UNDER THE ACTS APPROVED AUGUST  
25, 1937, AND JUNE 21, 1938, AND  
FUTURE AUTHORIZATIONS

UNITED STATES  
GOVERNMENT PRINTING OFFICE  
WASHINGTON : 1939

**HOUSE RESOLUTION NO. 99**

[SUBMITTED BY MR. LUDLOW]

IN THE HOUSE OF REPRESENTATIVES,

*February 20, 1939*

*Resolved*, That the letter from the Postmaster General and the Acting Secretary of the Treasury transmitting to the chairman of the Committee on Appropriations of the House of Representatives a report showing by States all construction projects selected under acts for public-building construction, and projects remaining eligible for consideration under the acts approved August 25, 1937, and June 21, 1938, and future authorizations be printed as a House document.

Attest:

SOUTH TRIMBLE, *Clerk.*

## LETTER OF TRANSMITTAL

---

TREASURY DEPARTMENT,  
Washington, February 2, 1939.

HON. EDWARD THOMAS TAYLOR,  
*Chairman, Committee on Appropriations,  
House of Representatives.*

MY DEAR MR. CHAIRMAN: Under the acts of August 25, 1937, and June 21, 1938, \$130,000,000 was authorized for public-building construction outside the District of Columbia over a 3-year period. The attached report shows by States—

- (a) All projects selected under these and prior authorizations; and
- (b) Projects remaining eligible for consideration under future authorizations.

Special attention is invited to 25 authorized projects included in the list where the existing limits of cost are insufficient to meet the reasonable future needs of the Government.

Meritorious projects not listed in this report will be brought to the attention of the two Departments from time to time as a result of new legislation, increased needs, or other special conditions which cannot be foreseen, and it is, therefore, recommended that the authority heretofore granted the Secretary of the Treasury and the Postmaster General to select projects not included in this report, as in their judgment are economically sound and advantageous to the public service, be continued in any subsequent authorizations for public-building construction.

Under the authorizations contained in the acts of August 25, 1937, and June 21, 1938, allotments have been made for 728 projects throughout the country with limits of cost aggregating \$122,930,400. Practically all of the unallotted balance of \$7,069,600 under these authorizations will be required to provide projects in 72 congressional districts, of which 44 do not have postal receipts above \$10,000 at the present time. In the remaining 28 districts there are eligible projects, and selections therein are now pending.

Very truly yours,

JAMES A. FARLEY,  
*Postmaster General.*

STEPHEN B. GIBBONS,  
*Acting Secretary of the Treasury.*

# LETTER TO THE EDITOR

Dear Sir,

I have the honor to acknowledge the receipt of your letter of the 10th inst. in relation to the above matter.

I am sorry to hear that you are not satisfied with the results of the examination. I have, however, no objection to your making such use of the facts as you may think proper.

I am, Sir, very respectfully,  
Your obedient servant,  
J. H. [Name]

# **PUBLIC-BUILDING CONSTRUCTION PROJECTS OUTSIDE OF THE DISTRICT OF COLUMBIA**

Fifth revision of House Report 1879 (73d Cong., 2d sess.) relative to the emergency construction of public-building projects outside of the District of Columbia, showing (a) projects authorized by the Secretary of the Treasury and the Postmaster General under acts approved June 19, 1934, August 12, 1935, June 22, 1936, August 25, 1937, and June 21, 1938; and (b) unauthorized projects eligible for consideration under future public-building programs

**Public-building projects authorized under the Third Deficiency Act, approved Aug. 25, 1937 (Emergency Construction Program, 1937) and the Federal Public Buildings Appropriation Act of 1938, approved June 21, 1938**

**GUNTERSVILLE, ALA., POST OFFICE, ETC.**

|   |           |
|---|-----------|
| Maximum limit of cost (H. Rept. 1879, Apr. 25, 1938)----- | \$75, 000 |
| Proposed revised limit of cost-----                       | 115, 000  |

The above project was authorized under the Third Deficiency Act, approved August 25, 1937, contemplating the acquisition of a site and the construction of a building with a ground floor and one story, having a maximum ground area of 3,800 square feet, which provided 2,860 square feet of net Postal space. The amount of \$6,000 was allotted for site.

Subsequent investigation indicates that Postal requires 3,160 square feet and other Government agencies 2,800 square feet of net space. To meet these requirements, a ground floor and two-story building, having a ground area of 4,200 square feet, will be required.

The site purchased cost \$1,000 more than anticipated and excess excavation and retaining walls will require an additional expenditure of approximately \$2,500.

It is estimated that an additional \$40,000 will be required to take care of the above-mentioned conditions.

**SAFFORD, ARIZ., POST OFFICE, ETC.**

|   |           |
|---|-----------|
| Maximum limit of cost (H. Rept. 1879, Apr. 25, 1938)----- | \$90, 000 |
| Proposed revised limit of cost-----                       | 205, 000  |

The above project was authorized under the Third Deficiency Act, approved August 25, 1937, contemplating the acquisition of a site and the construction of a building with a ground floor and one story, having a maximum ground area of 3,600 square feet with net Postal space of 2,700 square feet. The amount of \$12,000 was allotted for site.

Subsequent investigation indicates that Postal requirements are 4,172 square feet of net space and that other Government agencies require 4,963 square feet of net space. To provide this space, a building with a ground floor and three stories, having a ground area of 5,074 square feet, will be required.

It is estimated that an additional \$115,000 will be required to take care of the above-mentioned conditions.

**LOS ANGELES, CALIF., EAGLE ROCK STATION**

|   |           |
|---|-----------|
| Maximum limit of cost (H. Rept. 1879, Apr. 25, 1938)----- | \$90, 000 |
| Proposed revised limit of cost-----                       | 125, 000  |

The above project was authorized under the Federal Public Buildings Appropriation Act of 1938, approved June 21, 1938, contemplating the acquisition of a site and the construction of a building with a ground floor and one story, having a maximum ground area of 4,000 square feet, with a net postal space of 3,020 square feet. The amount of \$9,000 was allotted for site.

Subsequent investigation indicates that Postal requires 6,050 square feet of net space, which necessitates a building of 7,600 square feet ground area.

A preliminary survey of the cost of sites indicates a site will cost approximately \$2,500 more than anticipated.

It is estimated that an additional \$35,000 will be required to take care of the above-mentioned conditions.

**MILL VALLEY, CALIF., POST OFFICE**

|   |           |
|---|-----------|
| Maximum limit of cost (H. Rept. 1879, Apr. 25, 1938)----- | \$75, 000 |
| Proposed revised limit of cost-----                       | 95, 000   |

The above project was authorized under the Federal Public Buildings Appropriation Act, approved June 21, 1938, contemplating the acquisition of a site

and the construction of a ground floor and one-story building with a maximum ground area of 3,200 square feet, \$9,000 being allotted for site.

Subsequent information indicates that a building with a ground area of 4,000 square feet is required and that \$16,500 will be required for a site.

It is estimated that an additional \$20,000 will be required to take care of the above-mentioned condition.

#### SAN LEANDRO, CALIF., POST OFFICE

|   |           |
|---|-----------|
| Maximum limit of cost (H. Rept. 1879, Apr. 25, 1938)----- | \$100,000 |
| Proposed revised limit of cost-----                       | 132,000   |

The above project was authorized under Federal Public Buildings Appropriation Act, approved June 21, 1938, contemplating acquisition of a site and construction of a ground floor and 1-story building having a maximum ground area of 4,200 square feet and \$15,000 was allotted for site.

Subsequent postal data indicates a building with a maximum ground area of 6,800 square feet will be required.

It is estimated that an additional \$32,000 will be required to take care of the above-mentioned conditions.

#### MANITOU SPRINGS, COLO., POST OFFICE

|   |          |
|---|----------|
| Maximum limit of cost (H. Rept. 1879, Apr. 25, 1938)----- | \$75,000 |
| Proposed revised limit of cost-----                       | 95,000   |

The above project was authorized under the Third Deficiency Act, approved August 25, 1937, contemplating the acquisition of a site and construction of a building with a ground floor and one story, having a ground area of 3,400 square feet, which provided 2,540 square feet of net space. The amount of \$7,000 was allotted for site.

Subsequent investigation indicates that postal requires 3,088 square feet of net space and the condition of the site necessitates the boiler, fuel, and storage rooms being placed on the first floor level. To provide the space required and meet this condition, a building of one story, with a ground area of 5,218 square feet, will be required.

It is estimated that an additional \$20,000 will be required to take care of the above-mentioned conditions.

#### BOSTON, MASS., DORCHESTER CENTER STATION

|   |           |
|---|-----------|
| Maximum limit of cost (H. Rept. 1879, Apr. 25, 1938)----- | \$123,000 |
| Proposed revised limit of cost-----                       | 178,000   |

The above project was authorized under the Federal Public Buildings Appropriation Act, approved June 21, 1938, contemplating the acquisition of a site and construction thereon of a ground floor and 1-story building with a ground area of 5,500 square feet, and an allotted amount of \$23,000 for a site.

Recent Postal data indicates a building with a ground area of 8,400 square feet will be required.

Subsequent investigation reveals \$35,000 will be necessary to purchase a suitable site.

It is estimated an additional \$55,000 will be required to take care of the above-mentioned condition.

#### BOSTON, MASS., WOLLASTON BRANCH

|   |          |
|---|----------|
| Maximum limit of cost (H. Rept. 1879, Apr. 25, 1938)----- | \$90,000 |
| Proposed revised limit of cost-----                       | 105,000  |

The above project was authorized under the Third Deficiency Act, approved August 25, 1937, contemplating the acquisition of a site and construction of a building with a ground floor and 1 story of 3,800 square feet ground area, which provided 2,860 square feet of net Postal space. The amount of \$18,000 was allotted for site.

Subsequent investigation indicates that Postal requires 3,890 square feet of net space. To provide this space, a building with a ground and first floor of 4,839 square feet will be required.

It is estimated that an additional \$15,000 will be required to take care of the above-mentioned conditions.

## 50 PUBLIC-BUILDING PROJECTS OUTSIDE DISTRICT OF COLUMBIA

### DEARBORN, MICH., MONROE BOULEVARD STATION

Maximum limit of cost (H. Rept. 1879, Apr. 25, 1938) ..... \$75, 000  
Proposed revised limit of cost ..... 140, 000

The above project was authorized under Federal Public Buildings Appropriation Act, approved June 21, 1938, contemplating the acquisition of a site and construction of a building with a ground floor and one story, having a maximum ground area of 3,700 square feet and an allotted amount for site of \$8,000.

More recent Postal data indicates a building of maximum ground area of 7,400 square feet will be required.

Subsequent investigation of site has revealed that \$18,000 will be required for the purchase of a site.

It is estimated an additional \$65,000 will be required to take care of the above-mentioned conditions.

### FESTUS, MO., POST OFFICE

Maximum limit of cost (H. Rept. 1879, Apr. 25, 1938) ..... \$70, 000  
Proposed revised limit of cost ..... 83, 000

The above project was authorized under the Federal Public Buildings Appropriation Act, approved June 21, 1938, contemplating the acquisition of a site and the construction of a building with a ground floor and one story building having a ground area of 3,600 square feet and providing 2,700 square feet net space for post office. The allotment for the site was \$6,000.

Subsequent investigation indicates Postal requirements to be 2,970 square feet net space, requiring a building of 3,900 square feet ground area.

Preliminary survey of the cost of site indicates a site will cost \$3,600 more than anticipated.

It is estimated an additional amount of \$13,000 will be necessary to take care of the above-mentioned conditions.

### OMAHA, NEBR., BENSON POSTAL STATION

Maximum limit of cost (H. Rept. 1879, Apr. 25, 1938) ..... \$75, 000  
Proposed revised limit of cost ..... 98, 000

The above project was authorized under the Federal Public Buildings Appropriation Act, approved June 21, 1938, contemplating the acquisition of a site and the construction of a building with a ground floor and 1 story, having a maximum ground area of 3,800 square feet, providing 2,850 square feet of net Postal space. The amount of \$7,000 was allotted for site.

Subsequent investigation indicates that Post Office requires 3,760 square feet of net space. This will require a ground floor and 1-story building, having a ground area of 4,800 square feet.

A suitable site will cost \$5,500 more than anticipated.

It is estimated that an additional \$23,000 will be required to take care of the above-mentioned condition.

### TEANECK, N. J., POST OFFICE

Maximum limit of cost (H. Rept. 1879, Apr. 25, 1938) ..... \$75, 000  
Proposed revised limit of cost ..... 120, 000

The above project was authorized under the Federal Public Buildings Appropriation Act, approved June 21, 1938, contemplating the acquisition of a site and construction of a building with a ground floor and 1 story, having a maximum ground area of 3,300 square feet and \$10,000 was allotted for site.

More recent Postal data indicates a building of maximum ground area of 5,500 square feet will be required.

Subsequent investigation of site has revealed that \$20,000 will be required for a site together with unusual site conditions.

It is estimated an additional \$45,000 will be required to take care of the above-mentioned conditions.

### ALBUQUERQUE, N. MEX., FEDERAL OFFICE BUILDING

Maximum limit of cost (H. Rept. 1879, Apr. 25, 1938) ..... \$925, 000  
Proposed revised limit of cost ..... 1, 150, 000

The above project was authorized under the Federal Public Buildings Appropriation Act, approved June 21, 1938, contemplating construction of a ground

# PUBLIC-BUILDING PROJECTS OUTSIDE DISTRICT OF COLUMBIA 51

floor and six-story building, having a maximum ground area for each floor of 11,700 square feet, on a Government-owned site, which was under the control of the Interior Department.

Subsequent investigation develops that the Government-owned site is not satisfactory. A proper site will cost \$110,000. It has developed that any site will require pile foundations.

A six-story building, having a ground area of 13,250 square feet for each floor will be necessary to provide for additional space requested.

It is estimated that an additional \$225,000 will be required to take care of the above-mentioned conditions.

## FLUSHING, N. Y., WOODSIDE POSTAL STATION

|   |           |
|---|-----------|
| Maximum limit of cost (H. Rept. 1879, Apr. 25, 1938)----- | \$175,000 |
| Proposed revised limit of cost-----                       | 217,000   |

The above project was authorized under the Federal Public Buildings Appropriation Act of 1938 for site and the construction of a building with a ground floor and one story, having a maximum ground area of 7,800 square feet. The cost of a site was estimated at \$40,000.

Subsequent investigation indicates that the Post Office requirements will necessitate a building with a ground area of 8,300 square feet. A suitable site will cost \$75,000.

It is estimated that an additional \$42,000 will be required to take care of the above-mentioned conditions.

## WAPPINGERS FALLS, N. Y., POST OFFICE, ETC.

|   |          |
|---|----------|
| Maximum limit of cost (H. Rept. 1879, Apr. 25, 1938)----- | \$70,000 |
| Proposed revised limit of cost-----                       | 88,000   |

The above project was authorized under Federal Public Buildings Appropriation Act, approved June 21, 1938, contemplating the acquisition of a site and the construction of a building with a ground floor and one story, having a maximum ground area of 3,300 square feet, providing 2,480 square feet of net Postal space. The amount of \$10,000 was allotted for site.

Subsequent information indicates that Post Office requires 3,075 square feet net space. To meet these requirements, a part ground floor, one story, and mezzanine building, having a ground area of 4,080 square feet, will be required.

The site selected will cost \$3,000 more than anticipated.

It is estimated that an additional \$18,000 will be required to take care of the above-mentioned conditions.

## MOREHEAD CITY, N. C., POST OFFICE, ETC.

|   |          |
|---|----------|
| Maximum limit of cost (H. Rept. 1879, Apr. 25, 1938)----- | \$70,000 |
| Proposed revised limit of cost-----                       | 95,000   |

The above project was authorized under the Third Deficiency Act, approved August 25, 1937, contemplating the acquisition of a site and the construction of a building with a ground and first floor having a maximum ground area of 3,500 square feet, providing 2,700 square feet net Postal space. The amount of \$7,000 was allotted for site.

Subsequent investigation indicates that requirements will be satisfied by allotting 2,860 square feet net space to Postal activities and 1,105 square feet to Customs Service.

Due to site conditions, a ground floor will not be practical, and it will therefore be necessary to place the boiler room and fuel room approximately at the first floor level. Space for Customs Service on the second floor.

To provide space as outlined above, will require a one story and part two story building having a ground area of 5,434 square feet.

The site will cost \$1,000 more than anticipated.

It is estimated that an additional \$25,000 will be required to take care of above-mentioned conditions.

## CLEVELAND, OHIO, GARAGE

|   |           |
|---|-----------|
| Maximum limit of cost (H. Rept. 1879, Apr. 25, 1938)----- | \$350,000 |
| Proposed revised limit of cost-----                       | 435,000   |

The above project was authorized under the Federal Public Buildings Appropriation Act, approved June 21, 1938, contemplating the acquisition of a site by

## 52 PUBLIC-BUILDING PROJECTS OUTSIDE DISTRICT OF COLUMBIA

transfer and the construction of a part basement, two- and part three-story building for post-office garage.

When the estimates were prepared for this project, it was contemplated that a site could be acquired by transfer. The site in question has since been sold by the Government to the city of Cleveland.

Preliminary survey of the cost of a site indicates a suitable site, including the demolition of buildings thereon, will cost \$85,000.

It is estimated an additional amount of \$85,000 will be necessary to take care of the above-mentioned conditions.

### DAYTON, OHIO, POST OFFICE AND COURTHOUSE

|  |               |
|--|---------------|
| Maximum limit of cost (H. Rept. 1879, Apr. 25, 1938) ----- | \$1, 150, 000 |
| Proposed revised limit of cost -----                       | 1, 425, 000   |

The above project was released under the Third Deficiency Act, approved August 25, 1937, contemplating the acquisition of additional land and the construction of an extension and remodeling of the present building. The amount of \$113,000 was allotted for additional land.

Subsequent investigation indicates that more additional land than formerly contemplated is required in order to construct an extension which will meet the requirements of the Post Office Department and other Government agencies that need additional space. The estimated cost of this additional land is \$275,000 over the amount originally set up.

### YORK, PA., POST OFFICE, ETC.

|  |            |
|--|------------|
| Maximum limit of cost (H. Rept. 1879, Apr. 25, 1938) ----- | \$450, 000 |
| Proposed revised limit of cost -----                       | 520, 000   |

The above project was authorized under the Third Deficiency Act, approved August 25, 1937, contemplating the acquisition of additional land, remodeling the present building and the construction of an extension with a ground floor and two stories, having a maximum ground area of 9,800 square feet with additional net Postal space of 8,490 square feet and additional net space for other Government agencies of 2,900 square feet. The amount of \$75,000 was allotted for additional land.

Subsequent investigation indicates that the additional land will cost \$18,325 more than anticipated, more remodeling than contemplated, and discloses that considerable stone and marble on the existing structure is defective, requiring replacement, and that the quarry furnishing the same has been abandoned for some years.

It is estimated that an additional \$70,000 will be required to take care of the above-mentioned conditions.

### GRUNDY, VA., POST OFFICE

|  |           |
|--|-----------|
| Maximum limit of cost (H. Rept. 1879, Apr. 25, 1938) ----- | \$75, 000 |
| Proposed revised limit of cost -----                       | 86, 000   |

The above project was authorized under the Federal Public Buildings Appropriation Act, approved June 21, 1938, contemplating the acquisition of a site and construction of a building with a ground floor and one story, having a maximum ground area of 3,700 square feet and \$7,000 was allocated for a site.

Subsequent investigation indicates a site will cost \$18,000.

It is estimated an additional \$11,000 will be required to take care of the above-mentioned conditions

### SAN AUGUSTINE, TEX., POST OFFICE, ETC.

|  |           |
|--|-----------|
| Maximum limit of cost (H. Rept. 1879, Apr. 25, 1938) ----- | \$70, 000 |
| Proposed revised limit of cost -----                       | 100, 000  |

The above project was authorized under the Federal Public Buildings Appropriation Act, approved June 21, 1938, contemplating the acquisition of a site and the construction of a building with a ground and first floor, having a maximum ground area of 3,400 square feet with net Postal space of 2,540 square feet. The amount of \$6,000 was allotted for site.

Subsequent investigation indicates that Postal requirements are 2,750 square feet of net space and that other Government agencies require 1,850 square feet of net space.

To provide this space requires a building with a ground floor and two stories having a ground area of 3,700 square feet.

It is estimated that an additional \$30,000 will be required to take care of the above-mentioned conditions.

## FAIRMONT, W. VA., POST OFFICE, COURT HOUSE, ETC.

|   |           |
|---|-----------|
| Maximum limit of cost (H. Rept. 1879, Apr. 25, 1938)----- | \$365,000 |
| Proposed revised limit of cost-----                       | 475,000   |

The above project was authorized under Federal Public Buildings Appropriation Act, approved June 21, 1938, contemplating the acquisition of a site and the construction of a building with a ground floor, one story and part two story having a maximum ground area of 13,500 square feet for Postal and Government agencies other than Justice. The amount of \$50,000 was allotted for site.

Subsequent investigation indicates that space will be required for the Department of Justice, which will require an additional story at an estimated cost of \$95,000.

The site selected will require additional excavation and footing work estimated to cost \$15,000.

It is estimated that an additional \$110,000 will be required to take care of the above-mentioned conditions.

## MADISON, CONN., POST OFFICE, ETC.

|   |          |
|---|----------|
| Maximum limit of cost (H. Rept. 1879, Apr. 25, 1938)----- | \$75,000 |
| Proposed revised limit of cost-----                       | 90,000   |

The above project was authorized under the Third Deficiency Act, approved August 25, 1937, contemplating the acquisition of a site and construction of a building with a ground floor and one story having a ground area of 3,500 square feet and an allotted amount of \$8,000 for a site.

It became necessary to expend \$15,000 for a suitable site.

Latest Postal data requires a building with a ground area of 3,615 square feet, for which bids were received January 25, 1939. The bid price, with the additional cost of the land, indicates that an additional \$15,000 will be required.

## RIVERTON, WYO., POST OFFICE, ETC.

|   |          |
|---|----------|
| Maximum limit of cost (H. Rept. 1879, Apr. 25, 1938)----- | \$85,000 |
| Proposed revised limit of cost-----                       | 135,000  |

The above project was authorized under the Federal Public Buildings Appropriation Act, approved June 21, 1938, contemplating the acquisition of a site and construction of a ground floor and one story building, having a maximum ground area of 3,800 square feet, providing space for Postal activities only. The allotment for site was \$4,600.

More recent data indicates that a ground floor and two story building with a maximum ground area of 4,000 square feet will be required to provide space for other activities in addition to Postal.

It is estimated that an additional \$50,000 will be required to take care of the above-mentioned conditions.

## RAYMOND, WASH., POST OFFICE, ETC.

|   |          |
|---|----------|
| Maximum limit of cost (H. Rept. 1879, Apr. 25, 1938)----- | \$75,000 |
| Proposed revised limit of cost-----                       | 95,000   |

The above project was authorized under Federal Public Buildings Appropriation Act, approved June 21, 1938, contemplating the acquisition of a site and the construction of a building with a ground floor and one story, having a maximum ground area of 3,500 square feet, providing 2,600 square feet of net Postal space. The amount of \$5,000 was allotted for site.

Subsequent information indicates that the Post Office requires 2,697 square feet of net space and other Federal activities 1,220 square feet of net space.

Site conditions require boiler, fuel, and storage rooms on the grade level, necessitating a one-story building with a ground area of 5,460 square feet. Soil conditions of the site require a pile foundation.

It is estimated that an additional \$20,000 will be required to take care of the above-mentioned conditions.
